X-GUARD® COVER STRIP WITH CLIPS

X-Guard is a complete range of machine guarding designed to comply with the Machinery Directive 2006/42/EC which placed new demands on permanent guards from 29 December 2009. With its wide range of standard components and accessories, X-Guard is guaranteed to cover all possible machine guard applications. X-Guard was launched in 2008, since then new panel sizes have been added. We listen to our customers to enable us to develop the range as new needs arise.

Cover strip used to cover the gap between the post and the panel and is included in every delivery of plastic- and sheetpanels. The strip is available in heights of 1900 and 2200 mm and only in RAL 9011.

If special colour is needed we use the old strip T03-3-XXX.

COVER STRIP WITH CLIPS

- 1900 and 2200 mm
- RAL9011
